Pets are becoming more common at RK, but it is a privilege, not a right. The cost of kenneling, animals with special needs or separation anxiety, older animals, etc. can mean some guests cannot attend if their animals cannot accompany them. We understand this, and love animals. However, the safety and enjoyment of all our guests (including you, your pets and other pets) is paramount. Please assist us in ensuring that pets will be continued to be allowed at RK. Animals should have been pre-approved by MA before coming. Not all pets will enjoy the heat, noise and people. Please ensure you read this page before signing.

**All pets must be registered and the owners agree to the rules.**

Recommendations & Need to Knows:

- Some of our guests are terrified of dogs; dogs must be on-leash at all times. The only exception is in the pond and beach *if* there is no one there and only while the dog is in the water. If anyone enters the water, please leash your dog right away; some guests will forgo swimming if there are dogs in the water. An excellent place for your dog to swim/fetch sticks is in the non-human swimming area of the river, to the left of the fishing pier.
- **We may have a pet first-aider attending, for some events, please ask.** If your pet requires first aid and it will not harm them, please go to the medic tent and ask for a PET MEDIC. If the animal has heat exhaustion or a serious medical issue, send someone to find staff with a radio and have a PET MEDIC brought to the animal.
- It is important to ensure your animal receives enough water to drink, and possibly to be emerged in water often in the extreme heat. Keep a close eye on the animal for signs of heat stroke/exhaustion. Please keep your pets in the shade and bring them swimming often, if applicable.
- If your dog should not be approached by strangers or other dogs, please tie a yellow ribbon around their collar. The explanation will be in the program but if someone doesn't know, please just politely explain that the yellow ribbon indicates a dog that does not appreciate being approached due to age, illness or fears.
- Check your pet for ticks. Although MA's brood have not had any from RK, ticks are bad in Ontario this year. If you find one and don't know how to deal with it, go see the Pet Medics.

Rules:

- Animals must be kept on a leash, in your tent, in a crate, etc. at all times.
- Your pet may accompany you around the site, but do not bring a pet to a ritual without permission from the person leading the ritual.
- Please do not allow your dog to urinate on the swimming beach (river or pond) area as children dig in it!
- Aggression by your pet towards humans will not be tolerated. If your dog is not good with other dogs, ensure it is kept away from others to avoid injuries, fights and disturbances.
- There is no off-leash area during KG (see water exception).
- Do not take your animal to the dump area; it is off-limits for guests anyway, but it is dangerous for pets.
- You must pick up after your pet and dispose of waste in proper bins.
- You must ensure your pet does not disturb other guests with noise.
- If your dog is going out of your camping area at night, the dog must have a glow-stick/band on it to avoid people stepping on it, etc.
- Do not put poop bags into the porta-potties. Pet waste goes into garbage containers ONLY.
- The ashtrays (coffee cans) around the site are NOT for pet waste. Flaming poop is NOT FUNNY and it is a toss-up between the Trolls and the Monkeys who will decide on your punishment. Still, better than if MA catches you.

If we receive complaints or staff witnesses you / your pet disobeying the rules, the Flying Monkeys (AKA Site security) will give you a warning. Further complaints may result in MA being summoned, and this is NOT something you want to happen. **Failure to comply with the rules, disturbance, aggression or negligent caring of an animal may result in your being asked to leave the site.**

I/we acknowledge that I/we are solely responsible for my pet(s), their health, safety and behaviour, at all times. I/we have read the rules of Raven's Knoll concerning pets and agree to abide by them at all times. Failure to do so may result in being asked to leave the site. I release Raven's Knoll Ltd., all its directors, employees and volunteers from any responsibility for any injury or illness acquired by my/our pet(s) during our visit to Raven's Knoll. Any injury caused by my/our pet(s) is my/our sole responsibility and liability.
